On the monthly form, you just tell me whether or not you provided any services in those categories during that month. I don't actually need to know the specifics, nor is there any way for you to enter them now. You will need to keep records on your end of the services you provided in case of an audit, though.

Another couple quick questions. Do we still enter the case notes, classes and items we give to them each month?

Oh, I am sorry about that.

You will need to go through the account creation process again using programdirector@mothersrefuge.org, since that's the email the system is expecting.

Ok, so I was able to create an account but when I go to the <https://apps1.mo.gov/Alternatives> and login this is the screen that come up and will not allow me to enter the access code.

Eligibility & Application Authorization

Access denied. Contact the system administrator or your employer for additional information concerning your access to the site.

Is there something else I need to do?

Thanks for your help!

Hi Angel,

No, you do not need to enter any more information into the old system. I am about to send you an email that should walk you through getting into the new system. Please note, the codes in this email expire within an hour, so if you do not get set up today, I will have to send you another email with new codes. If you have trouble, please feel free to call me. I should be in until about 4:00 today.

Once you are in the new system, you will need to re-enter information for all clients who were active as of Feb 1, 2017. This includes intake forms, birthing outcomes, and EPDS forms. Additionally, for each client who was active in February, you will need to fill out a "Monthly Form" for February. This is a simple form with Yes/No questions about which services you provided the client with during that month. Again, if you have any questions, please let me know.

Thanks,

Emily Kraft

Hi Emily,

Hope you are doing great! I have a couple quick questions for you. Do we still enter A2A info in the old system? I have not received anything to sign us up for the new system, are we suppose to be entering it in there and if so, can you send me the website and login information?

Thanks for your help!
